

I Believe...

By
Joseph Earl Phillips

I believe the Lord died for me, I believe he came to set us free. I believe He's always by our side, to lead us in our studies each day and read the bible to learn the way.

He's there to stand by us through the day and teach us how we need to pray. He listens to just what we say and helps us find the justly way.

He leads us through both good and bad and helps us find the way He said. The way back home to Him you see, for He always cares for you and me, for we all are His children as you can see.

The Lord He died for you and me. To set us all free from sin and the world around us. So we may go and teach them too, that He loves us all, oh this is true.
